Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 18, 2009 has been entered.

Response to Amendment

2. The amendment filed on August 18, 2009 has been fully considered and are deemed persuasive.

Allowable Subject Matter

All pending claims are allowable over the prior art. Applicant is requested to cancel all withdrawn claims and to correct the objection to the specification indicated below.

Art Unit: 2456

Specification

The disclosure is objected to because it contains an embedded hyperlink and/or other form of browser-executable code. See pages 13-16, 39 (line 6 and 16), and 40-43. Applicant is required to delete the embedded hyperlink and/or other form of browser-executable code. See MPEP § 608.01.

Note: The Examiner contacted Applicant's representative and spoke with (ASHTON, WESLEY) to see if an Examiner amendment could be done. Applicant's representative indicated that it would be better to send the objection in writing so that it could be fixed properly due the large number of embedded hyperlink involved.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
